

We're Ready For Your Socially Distanced Meeting

In these unprecedented times when it comes to meetings, training or conferences, nothing can replace the benefit of coming together in one place. At The Rufus Centre we have a number of special measures in place to ensure your meeting can be held in the safest way possible. Please get in touch to see how we can help.

- Guidance for delegates on respecting social distancing protocols prior to arrival.
- Distance markers on the floor.
- Revised room layouts to comply with new 1 metre social distancing rule. Customers must ensure additional mitigation is used such as face masks, regular hand sanitising or not sitting face-to-face.

- If additional mitigation measures are not in place we can revert to 2 metre social distancing layout for all rooms with reduced maximum number capacity.

- Sanitisation packs for delegates in all rooms.
- Capability to connect with remote delegates.

- Increased cleaning and sanitisation programme.
- Cashless payment system.
- Individual catering boxes for each delegate.

Social Distancing - Revised Room Capacities*
